# Sizzling Summer Learning

**Sizzle into summer with some hot new classes from Aberdeen College**

In just ten weeks, you could be well on your way to starting a new hobby or learning a skill!

Would you like to learn some conversational Spanish, Italian or French before you go on holiday or how to make sure you capture those perfect summer photos? If so, we've got the class for you! Alternatively, if you want to get creative, you could start making your own 'homemade home' with a sewing and textiles class, or get decorating it with mixed media art or flower arranging. Find out about your ancestry in a family history class. Develop your computing skills with internet essentials, file management, introduction to ECDL and basic desktop publishing.

All of the classes listed will be taught for two hours each week for ten weeks, starting in April.

Course Title	Day of Week	Start	Finish	Start Date	End Date	Course Code	Cost
<b>Aberdeen Central Library</b>
